Organiser's Comments

After some of the wildest weather I have ever experienced in North Wales, New Year's Day dawned dry and relatively still making for good conditions for runners and officials alike. However it had the last laugh with nearly an inch of wet snow falling on the later runners. Well done to you all for competing and avoiding injury! Congratulations to Andy Jackson, Libby Peter and Lee Marrs for heading their classes and a special mention to Harvey Lloyd for recording the first ever NEGATIVE handicap time in the Gorphwysfa handicap - the handicapping committee is completely bewildered! And as always enormous thanks to the helpers. It really is a huge amount of effort for such a small race and although we always enjoy the challenge we will probably be looking to change things a bit next year. Hope you enjoyed the return to the "shouting" start - we tried to blend technology and tradition this year. Have a great 2007. **Andrew Middleton**
