Thanks to you all for pushing your way through flooded roads to make it to the race. It was appreciated that everybody carried a waterproof in the race; as it turned out the rain had eased by this time, but fell running is a potentially hazardous sport.

The race was very keenly contested at the front throughout between Allister and fourteen year old Oliver with Allister winning by just a couple of seconds. Thanks to Allister and Clare for sharing their chocolate cakes with all. I would also like to thank Bee, Phil, Neil, Tristan and Cori for their help with the organisation again this year.

The sum of £210 has been donated to Haematology Research at Southmead Hospital.
